

CUTE & EASY COLORING PAGES

5-PAGE FREE SAMPLE

A little guide to happy coloring

PRINT. PICK YOUR COLORS. ENJOY.

01 Print your pages

Use US Letter paper (8.5 × 11 in). Select Actual size / 100%, portrait and single-sided printing. On A4 paper, use Fit to printable area; do not stretch the page.

02 Choose your tools

Colored pencils and crayons work well on ordinary printer paper. For markers, choose thicker paper your printer supports and place a spare sheet underneath. Test colors first.

03 Make it your own

Start with the big shapes, then color the smaller details. Use light pressure with pencils and build color gradually. Try cheerful, unusual colors - there is no single right palette!

A small gift from our animal world

Enjoy 5 selected coloring pages from the 36-page collection. Print again whenever you want a fresh color adventure.

PERSONAL, HOMESCHOOL & CLASSROOM USE

You may print these pages for your household, homeschool or classroom. Do not resell, share, upload or redistribute the PDF, illustrations or source files, including as part of another product. Please direct others to our website for their own copy.
